Dayjob more like don't quit your dayjob hahahaha. Its a nice little comic book to show you the background of the characters and connect the two games together.. Fun little comics to read once you beated Hotline miami 2. takes around 16 minutes to read all the mini comics.. i like this game and i find it to be good i jest am stuck on 1 lvl dead ahead kid finish that in 5 sec but then they find the hostiptal but you can glitch it. Nice story and lore surrounding HLM 2, I enjoyed it! The music is good (as always with HLM), and the comics are drawn in a way that compliments the HLM style.. So FU**ING AWESOME. I understood more :D
